

A. Clark Roofing & Siding LP has provided roofing and exterior home improvements in the Edmonton region for the last 65 years.

We are currently recruiting **Field Service Technician (Sloped Roofing)** to support field operations for the Edmonton region.

Sloped Roofing Experience a MUST.

Responsibilities:

- Perform roof repairs as instructed by Service Manager.
- Travel across the city to perform repairs.
- Communicate job expectations, and progress with Service Manager daily.
- Ensure all aspects of the job are handled to the customer's satisfaction.
- Look for additional repair issues that may affect products and systems in the long-term.
- Organize and complete physical and digital paperwork clearly and professionally.
- Monitor site and ensure safety standards are upheld.
- Complete all necessary paperwork such as work order forms, safety, warranty, etc.

Qualifications:

- Ability to work on lower and steeper roof pitches safely and efficiently.
- Experience in siding or other residential construction trades an asset but willing to train.
- Previous carpentry experience ideal
- First Aid, CSTS, and Fall Protection preferred
- Valid driver's license, and clean driving abstract required.
- Must have steel toed boots, rope, and harness.
- Ability to work independently or in a pair.
- Ability to lift up to 100lbs required.
- Must be comfortable with heights, and in extreme temperatures - including winter work.

We offer a great environment to work in, and opportunities for advancement.

A. Clark Roofing & Siding has a Substance Abuse Policy and may conduct pre-employment testing for safety sensitive positions.

Only candidates selected for interviews will be contacted. A. Clark Roofing & Siding cannot confirm if applications have been received, therefore does not accept recruitment phone calls.
